

APPENDIX 17-1

Environmental Management Act (Chapter 20:27) First Schedule: Projects that Require Environmental Impact Assessment.

- 1. Dams and man-made lakes**
- 2. Drainage and irrigation**
 - a. Drainage of wetland or wildlife habitat;
 - b. Irrigation schemes.
- 3. Forestry**
 - a. Conversion of forest land to other land use;
 - b. Conversion of natural woodland to other use within the catchment area of reservoirs used for water supply, irrigation or hydropower generation or in areas adjacent of the parks and wildlife estate.
- 4. Housing developments.**
- 5. Industry**
 - a. Chemical plants;
 - b. Iron and steel smelters and plants;
 - c. Smelters other than iron and steel;
 - d. Petrochemical plants;
 - e. Cement plants;
 - f. Lime plants;
 - g. Agro-industries;
 - h. Pulp and paper mills;
 - i. Tanneries;
 - j. Breweries;
 - k. Industries involving the use, manufacture, handling, storage, transport or disposal of hazardous or toxic materials.
- 6. Infrastructure**
 - a. Highways;
 - b. Airports and airport facilities;
 - c. New railway routes and branch lines;
 - d. New towns or townships;
 - e. Industrial sites for medium and heavy industries.
- 7. Mining and quarrying**
 - a. Mineral prospecting;
 - b. Mineral mining;
 - c. Ore processing and concentrating;
 - d. Quarrying.
- 8. Petroleum production storage and distribution**
 - a. Oil and gas exploration and development;
 - b. Pipelines;

- c. Oil and gas separation, processing, handling and storage facilities;
- d. Oil refineries.

9. Power generation and transmission

- a. Thermal power stations;
- b. Hydropower schemes;
- c. High-voltage transmission lines.

10. Tourist, resorts and recreational developments

- a. Resort facilities and hotels;
- b. Marinas;
- c. Safari operations.

11. Waste treatment and disposal

- a. Toxic and hazardous waste: incineration plants, recovery plants (off-site), wastewater treatment plants (off-site), landfill facilities, storage facilities (off site);
- b. Municipal solid waste: incineration, composting and recycling/recovery plants, landfill facilities
- c. Municipal sewage: waste treatment plants, outfalls into aquatic systems, effluent water irrigation schemes.

12. Water supply

- a. Ground water development for industrial agricultural or urban water supply
- b. Major canals
- c. Cross-drainage water transfers
- d. Major pipelines
- e. Water withdrawals from rivers or reservoirs.
